By the way, dear —— I didn't like that "crack" about "if you've had any recent pictures taken" —— don't send them!! What makes you think I'd waste them like that? —— take that!! By the way did "Jim" ever get one of your pictures?

Say, what do you do at work —— gab with the bags all day?!! That one about the marine in the bunk, if you ask me? However the one about the fellow falling out of the plane isn't too hard to believe. A fellow who was in my class when I was at Primary fell out of his plane, and in falling out he hit the tail surface with his parachute. The jar opened his parachute and he landed safely. —— good luck? I could tell you a lot more but I'm saving them for the kiddies.

Do you meet Lorraine? She's as nice
